The Fallen Angel

CeDigest

Azazel is besides you and he's playing the game
Demons are inside you and they're making their play
Watching and they're hiding as they wait for the time
For a devil to get ready and take over your mind
You and only God would know, what could be done
You and only God will know, I am the only one
You and only God would know, what could be done
You and only God will know, I am the chosen one
Could it be, it's the end of our world?
All the things that we cherish and love
Nothing left but to face this all on my own
'Cause I am the chosen one
Could it be, it's the end of our world?
All the things that we cherish and love
Nothing left but to face this all on my own
'Cause I am the chosen one
Beaten, fallen angel but I've risen again
And the power is inside me, I've decided to pray
As I wait for Armageddon and it's coming my way
It's an honor to be chosen and I wait for the day
You and only God would know, what could be done
You and only God will know, I am the only one
You and only God would know, what could be done
You and only God will know, I am the chosen one
Could it be, it's the end of my world?
All the things that we cherish and love
Nothing left but to face all this on my own
'Cause I am the chosen one
Could it be, it's the end of our world?
All the things that we cherish and love
Nothing left but to face this all on my own
'Cause I am the chosen one
Could it be, it's the end of our world?
All the things that we cherish and love
Nothing left but to face this all on my own
'Cause I am the chosen one
Could it be, it's the end of our world?
All the things that we cherish and love
Nothing left but to face this all on my own

'Cause I am the chosen one
