

Never a Doubt

[John Denver](#)

There was never a doubt
Never a doubt in my mind
We werent meant to be lonely
Never a doubt I knew that Id find you some day
There was never a doubt
After all of those nights alone
All those desperate mornings
Never a doubt, there was never a doubt in my mind
I suppose there have been times
When you felt like a room filled with darkness
Not a window around
There must have been moments, you felt you were truly alone
Then again each of us knows
In a night of unbearable sadness
Still a light can be found
In each morning the promise that someday your true love will come
I suppose there are some people
Who never believe in the magic
Oh the magic of love
They think nothing is precious and life is just pleasure and pain
Then again each of us knows
When a heart has been broken its tragic
Oh the magic of love
Even that which is broken with love can be mended again
All the things that you fear
At the most they mean nothing
All the sorrow and sadness
Can just disappear
There was never a doubt
Never a doubt in my mind
We werent meant to be lonely
Never a doubt I knew that Id find you some day
There was never a doubt
After all of those nights alone
All those desperate mornings
Never a doubt, there was never a doubt in my mind
There was never a doubt in my mind
Never a doubt in my mind
