Torn Up

Violet Indiana

Lately, I've been thinking, maybe I'm okay
If I was to go outside, would I find a way?
Would it show on my face you wrecked me inside?
My confidence is sinking but I know I can surviveI miss you, yes, I miss you, tore me up inside
I miss you, yes, I miss you, tore me up inside, insideMaybe you can help me, losin' on my own
(All the way)
Emptiness, restlessness always on my own
Wondering about you, where you found to be?
If you're somewhere lonely, do you think about me?I miss you, yes, I miss you, tore me up inside
I miss you, yes, I miss you, tore me up insideI miss you, yes, I miss you
Ooh, I miss you
Want to kiss you
Hold me in your arms againI miss you, yes, I miss you, tore me up inside
(Think about me)
I miss you, yes, I miss you, tore me up inside
I miss you, yes, I miss you
