

# Good Things

## Grand Funk Railroad

Oh, I don't know now, baby  
Just what it is you got  
Oh but whatever it is now, babe  
I sure do like it a lot  
I like all the good things you gave me  
Baby, late last night  
I like the things you been givin' me  
Oh, mama, now you're treatin' me right, yeah  
Good things, good things  
My baby's been treatin' me right  
Good things, good things  
Happen to me every night  
Come a little bit closer, baby  
And rub off some of your stuff  
Until I holler and scream now, baby  
I just ain't had it enough  
Ain't had enough of the good things you gave me  
Baby, late last night.  
Ain't had enough of what you're givin' me  
Oh, mama, now you're treatin' me right, yeah  
Good things, good things  
My baby's been treatin' me right  
Good things, good things  
Happen to me every night  
  
Good things, good things  
My baby's been treatin' me right  
Good things, good things  
Happen to me every night  
Good things, good things  
My baby's been treatin' me right  
Good things, good things  
Happen to me every night  
Good things, good things  
My baby's been treatin' me right  
Good things, good things  
Happen to me every night  
Good things, good things  
Good things, good things

Good things, good things  
Good things, good things  
Good things, good things  
Good things, good things  
Good things, good things  
Good things, good things  
Good things, good things  
Good things, good things  
Good things, good things
