# Dreaming Wide Awake

## Lizz Wright

My eyes burn
I?ve seen a Gloria, a brighter sun
My heart aches
It is felt the peace, of perfect love
My mind fails as I try to recall
The Bless of a glorious day
When I was sleeping, eyes wide open
Dreaming wide awake.

Who are you, stranger
To come here, and answer all my prayers
Where are you from, angel
You save my life and disappear
How do I find you
Will you come when I need you
Oh, how I love, I long to be,
Sleeping, eyes wide open
Dreaming wide awake
