

(good Things) Come To Those Who Wait

Immature

[Batman]

Someday I'll see the fruit of babies
I'll have a piece of the pie
I'm always doin' everyone a favor
When will the part be mine

Try and try

Harder work the words of my mama
From the day that I begin
She said, keep up faith and don't let nothing get your way
And baby you'll get close in the end

[Chorus]

(Good things) Come to those that wait
(Good things) Come to those that wait
And if you think that it's impossible
I got something you should know
(Good things) Come to those that wait
That's what somebody told me

[Batman]

I know, it's just a matter of time
I'll wait for my big day
I asked the one above and he told me
It comes to those who wait

Try and try

Harder work the words of my mama
From the day that I begin
She said, keep up faith and don't let no one in your way
And baby you'll get close in the end

[Chorus x2]

[Chorus x2]

(Good things) Come to those that wait [x4]
That's what somebody told me
