

# You Got Nothing on Me

Luis Fonsi

You're looking at me like you got something to say  
See'mon give it away  
And tell me what you're thinking baby  
You're stepping at me like you might have a name A time a date a place  
But all you really got is hearsay  
'Cause I've been holding you  
And I've been kissing you Been loving only you  
So don't make no mistakes  
Baby what you got on me is a lover  
Not a thief I might steal your heart away  
I'll give you back mine in exchange  
Baby I will always be  
True to you cause I don't cheat So whatever you think  
You got nothing on me  
Why would you listen to what others say  
It's just people trying to make Trouble cause we're happy  
You should know me by now I'd never stray  
Or try to hurt you in any way  
And your assumptions only make me question Why I've been holding you  
Why I've been kissing you  
'Cause I've been into you  
Did I make a mistake What you want  
What you need  
Is everything I've tried to be  
Your friend, no matter when Baby you have to believe  
You've got all that in me
