

# COME ALIVE

## OBLIVION DUST

I know you don't realise  
that the way I feel is so new to me Today I'm so happy  
I love everybody Your so ugly but I forgive you  
In another life I'm sure you'll be so beautiufll I know you don't realise  
that the way I feel is so new to me  
I know you don't realise  
that the way I feel is so new to me Today is forever  
Free love in my body Come alive  
Come alive I know you don't realise  
that the way I feel is so new to me  
I know you don't realise  
that the way I feel is so new to me Come alive come alive  
Come alive come alive I know you don't realise it  
I know you don't realise it  
I know you don't realise  
that the way I feel is so new to me
