Unbeliever

XDisciplex A.D.

I can't believe in the world anymore,
it's let me down so many times (its let me down)
I've been so led astray,
who knows what's wrong or right I believed and i was so blind
Unbeliever in this world of lies,
Unbeliever these lies I despise
Take what you want and take it for yourself,
this is what I have learned (not anymore)
This is a one for one society of greed and I've had enough (I've had enough)
Unbeliever-it's let me down so many times
Unbeliever-I have beleived and been so blind
