

Relive Revive

Cassie Hatcher

Did you think I would cave.
Did you think you were brave.
we're all talk to be talking to.
I don't feel.

It turns into a song

Did we see all the cars
From way up high they were stars.
And can you breathe in the air.
Its not there.

It turns into a song
No matter what you do
It turns out that I'm old
when you think that i;m new.
It turns out that your gone
no matter what I do
i'll be watching you
i'll be stealing souls
I will lose control.
When i get home.

Are you here in my head
I think I might be dead
When I breathe I don't heal
I don't like.
