Jailer

Asa

Am in chains youâ€™re in chains too I wear uniforms, you wear uniforms too
I'm a prisoner, youâ€™re a prisoner too Mr Jailer

I have fears you have fear too I will die, you sef go die too
Life is beautiful donâ€™t you think so too Mr Jailer

Am talking to you jailer Stop calling me a prisoner
Let he who is without sin be the first to cast the stone Mr Jailer

You suppress all my strategy
You oppress every part of me
What you donâ€™t know, youâ€™re a victim too Mr Jailer

You donâ€™t care about my point of view
If I die another will work for you
So you threat me like a modern slave Mr Jailer

You donâ€™t care about my point of view
If I die another will work for you
So you threat me like a modern slave Mr Jailer

If you walking in a market place
Donâ€™t throw stones
Even if you do you just might hit
One of your own
Life is not about your policies
All the time
So you better rearrange your
Philosophies and be good to your fellow man jailer

I hear my baby say I wan be president
I wan chop money
From my government
What he donâ€™t know
Be say Mr Jailer
