February Snow

Flatland Cavalry

Your eyes glowed like candles in the night.
As you wipe the freezing tears from your eyes.
I said do you still love me? You said I don't know. As your standing in the February snow.

We were the couple others strived to be. Now your just you and I'm just me.
I meant every single word I said. Just not the ones that got us in the??idk
Cause I really wish that you'd come back I just can't do this on my own.
Cause every time I close my eyes I'm underneath that streetlight in the cold. As you fade into the February snow.
Every night I sleep I dream of you. But I guess sometimes some dreams don't come true.
I gave up on counting sheep I just stare at the door till I fall asleep and I pray that some day you might come through...
Cause I really wish that you'd come back I just can't do this on my own. Cause every time I close my eyes I'm underneath that streetlight in the cold as you fade into the February snow.
Cause I really wish that you'd come back I just can't do this on my own. Cause every time I close my eyes I'm underneath that streetlight in the cold as you fade into oo as you fade into the February snow.
Damn that February snow.
