Go

Elle Varner

Verse One:
This is the part where you give in,
Tell me you cant live without me.
Change that face ya makin',
I'm so scared, I cant breathe.
Hearts beating like a bad drummer,
Skipping around like a school girl.
Tryna' keep composure,
In the middle of the end of my world.
I wanna grab on your feet and make a fool of myself
and beg you desperately, to say you'll never leave.
Behave irrationally, but instead i'll..
Chorus:
Say..
Wait..
Don't.. (baby, baby. Please don't)
Wait..
No..
Don't..(baby, baby. Please don't)
Go (x13)
Verse Two:
Bad as i wanna look good,
Pretend i dont give a damn.
I wanna save what is left here,

Even if its crumbs of a romance.
I've run cold outta tactics,
Love dont know how to bargain.
I wish this all was a nightmare,
That would be gone in the mornin'.

I wanna lay on the floor, cry a river or two until you promise to stay,
But i already know, i wouldn't a result.
So instead i'll..
Chorus:
Say..
Wait..
Don't.. (baby, baby. Please don't)
Wait..

No..
Don't..(baby, baby. Please don't)
Go (x13)
Bridge:
Please don't go, i can beg you real fast or beg you real slow.
No no no, i got a lot of love that i cant control.
No
Don't (baby, baby. Please don't)
Go (13x)
Breaking me down (x4)
