

# From the Ground Up

Laura Shighara

Yesterday it rained  
Watched everything wash away  
It took some time to dry  
Before I could feel okay I used all my tools  
Foundation of clay  
You kept digging this hole  
But climbing's not my forte(pre-)  
Take what you need  
We can fight our enemies  
But we have to hurry before  
the world crumbles around us

()

Take my hand  
We can build a land from the ground up  
I don't even mind  
leaving it behind us  
Watch and wait and work until it all falls down(verse 2)  
Today the sky fell  
Clouds in disarray  
I put back all the blue  
Before the sun could complain There were stars everywhere  
Zombies at my gate  
Now that the end is near  
Nothing left to do but wait  
(pre-2)  
Are we prepared?  
Are we there?  
Do you even care  
Now I am afraid, but it's okay  
The world crumbles around us
