

My Last Go Around

Big Maceo

Babe, I'm on my last go round and I hate to say goodbye
Babe, I'm on my last go round but it's time to say goodbye
Since you did what you wanna do, babe, and I guess you satisfied
Since you've got me grievin', babe, and I'm scared to say goodbye
You got me grievin', baby, and I'm scared to
say goodbye
Well, I've got to leave you, baby, and it ain't no use to crying
You started me to drinkin', baby, drinkin' both night and day
And you started me to drinkin', baby, and runnin' from town to town
You know I had a good woman but you
made her throw me down
Yeah, yeah, you make me drunk on Sunday just to play me for your clown
Baby, you make me drunk on Sunday just to play me for your clown
Babe, you know I meant you all the good but you tried to tear me down
