Dear One

George Harrison

Dear one, near me, truth assessed
Reborn world wise, mind at rest
True heart sow you, God has blessed
Your soul whispers, love confessed
My spirit sings to you now
Creation stands at your feet
My feelings call to you now
Dear one, I love you
You hear my spirit sing to you
You see creation at your feet
You feel my feelings calling you
You know, dear one, I love you
Dear one, show me simple grace
Move me toward thee with each pace
My spirit sings to you now
Creation stands at your feet
My feelings call to you now
Dear one, I love you
You hear my spirit sing to you
You see creation at your feet
You feel my feelings calling you
You know, dear one, I love you
My spirit sings to you now
Creation stands at your feet
My feelings call to you now
Dear one, I love you
You hear my spirit sing to you
You see creation at your feet
You feel my feelings calling you
You know, dear one, I love you
