

# I Ain't tha 1

N.W.A

Ice Cube, do you think you could give me some money  
To get my hair done?  
How short's your hair right now?  
Well you know I get it done every week  
And I need my nails done too  
Look, I'ma tell you like this I ain't the one, the one to get played like a pooh butt  
See I'm from the street, so I know what's up  
On these silly games that's played by the women  
I'm only happy when I'm goin' up in 'em  
But you know, I'm a menace to society  
But girls in biker shorts are so fly to me  
So I step to 'em, with aggression  
Listen to the kid, and learn a lesson today See they think we narrow minded  
'Cause they got a cute face, and big-behinded  
So I walk over and say, "How ya doin'?"  
See I'm only down for screwin', but you know  
Ya gotta play it off cool  
'Cause if they catch you slippin', you'll get schooled  
Now they'll get you for your money, son  
Next thing you know you're gettin' their hair and they nails done Fool, and they'll let you show 'em off  
But when it comes to sex, they got a bad cough  
Or a headache, it's all give and no take  
Run out of money, and watch your heart break  
They'll drop you like a bad habit  
'Cause a brother with money yo, they gotta have it  
Messin' with me though, they gets none  
You can't juice Ice Cube girl, 'cause I ain't the one Girl, you got to get these brothers for all the money you can  
honey  
'Cause if they ain't got no money, they can't do nothin' for me  
But get out of my face  
I know what you mean girl, it ain't nothin' right jumpin' off  
Unless he got dollars Sometimes I used to wonder  
How the hell an ugly dude get a fine girl's number  
He's gettin' juiced for his ducats  
I tell a girl in a minute yo, I drive a bucket  
And won't think nuttin' of it  
She can ride or walk, either leave it or love it  
I show her that I'm not the O, the N-E, say  
I'm a ruthless N-I double-G A'Cause I'm gamin' on a female that's gamin' on me

You know I spell girl with a B  
A brother like me is only out for one thing  
I think with my ding-a-ling, but I won't bring no  
flowers to your doorstep, when we goin' out  
'Cause you'll take it for granted, no doubt  
And after the date, I'ma want to do the wild thing  
You want lobster huh? I'm thinking Burger King And when I take you, you get frustrated  
You can't juice Ice Cube and you hate it  
But you see, I don't go nuts  
Over girls like you with the BIG ol' butts  
It start comin out the pocket, to knock it  
But when the damage is done  
You can only lay me girl, you can't play me girl  
For the simple fact that, I ain't the one I don't care how they look if they got money  
We can hook up but they ain't gettin' none  
Yeah, I just make 'em think they gonna get some  
Play up they mind a lil' bit, and get that money  
Oh Ice Cube, can I have some money please Give you money why bother  
Cause you know I'm lookin' nothin' like your father  
Girl, I can't be played or ganked  
Ganked means getting took for your bank  
Or your gold or your money or something  
Nine times outta ten, she's giving up nothing  
They get mad when I put it in perspective  
But let's see if my knowledge is effective To the brothas man they robbing you blind  
'Cause they fine with a big behind, but pay it no mind  
Keep your money to yourself homie and if you got enough game  
You'll get her name and her number without going under  
You can't leave 'em and love 'em and stay above 'em  
I used to get no play now she stay behind me  
'Cause I said I had a Benz 190 but I lied and played the one  
Just to get some now she feels dumb to my homies it's funny But that's what you get trying to play me for my  
money  
Now don't you feel used  
But I don't give hoot, huh, because I knock boots  
You shouldn't be, so damn material  
And try to milk Ice Cube like cereal  
Now how many times do I have to say it  
'Cause if I have to go get a gun, you girls will learn I don't burn  
You think I'm a sucka, but I ain't the one But you said, you love me  
I don't see no rings on this finger  
Why you doin' me like this? I love you  
Yeah, you love my money, I got what I wanted, beat it
