One Perfect Day

Adrienne Pierce

I dont know you, not sure I want to
You're far away, so far, so far
My resistance, it's the distance
I am far away, so far, so farJust one day, it's o-o-overOne, one perfect day
Let's keep, keep it that way
It probably wouldn't, wouldn't have worked out
AnywayOne, one perfect day
Let's keep, keep it that way
We probably wouldnt have got along, anyway
AnywayStand on a star, close eyes, close
Turn around, turn around till you fall down
Stand on a star, close your eyes
Are we getting closer to the groundJust one day, it's o-o-overOne, one perfect day
Let's keep, keep it that way
It probably wouldn't have worked out
AnywayOne, one perfect day
Let's keep, keep it that way
We probably wouldnt have got along, anywayI'll keep you still, still I will
I'll keep you still
Like a photograph, like a photograph I will
I will keep you, yeah, I'll keep you stillWe talked and on and wondering why
Long until dawn, staring up at the sky
And our mouths they were moving, our minds they were kissing
You smiled and said it is what you had been missingOh, oh, over, I'll close my eyes, tell me pretty lies
Oh, I wouldn't speak, no, I won't to say a word
I'll close my eyes, tell me pretty lies
'Cause when I speak the lines, the lines get blurredOne, one perfect day
Let's keep, keep it that way
It probably wouldn't, wouldn't have worked out
AnywayOne, one perfect day
Let's keep, keep it that way
We probably wouldnt have got along, anywayI'll close my eyes, tell me pretty lies
Oh, I wouldn't speak, no, I won't to say a word
I'll close my eyes, tell me pretty lies
'Cause when I speak the lines, the lines get blurred
