

# White Magic for Lovers

## Drugstore

Leave a  
candle by his doorstep  
With a  
snapshot of his face  
Turn around and  
take a deep breath  
On the first  
weekend of May  
Keep a hair  
strand in your pocket  
And don't  
rely on any friend  
Brew some  
Catalina Coffee  
With the  
letters of his name  
White  
magic for lovers  
When all your  
love has gone away  
White  
magic for lovers  
When you  
hold on  
Oh, you  
hold on  
To  
your faith  
Turn your  
tears back into water  
And leave the  
bottle by his door  
With a  
message on the cover  
Saying, "To  
the one you love"  
White  
magic for lovers  
When all your

love has gone away

White

magic for lovers

When you

hold on

Oh, you

hold on

To

your faith

White

magic for lovers

When all your

love has gone away

White

magic for lovers

When you

hold on

Oh, you

hold on

When you

hold on

Ooo, you

hold on

To

your faith
