

Without Weakness

Throwdown

Crumbling down beneath the weight of fear and insecurity
Come on in escape
What a vile travesty
Instead I live without weakness
Die without fear
Live without weakness
Die without fear A predatory species salivating for that mortal limb
War is what you want
Amelioration is what you'll fucking get
Live without weakness
Die without fear
Live without weakness
Die without fear
More regret Your cell is getting overrated
Not living without fear of death
Your life has reached the desperation
When can we hope to see an end?
See an end
Where does it end?
Live without weakness
Die without fear
Live without weakness
Die without fear or regret
