

Somewhere Inside

A Minute Away

I realise there's somewhere inside
Beneath the depth of my inner mind
When the sun sets before your eyes
The day will end and there'll no suprise

This time there'll be nothing left here for you to claim
I'm left to wonder if everything's still the same
Are you left thinkin wonder why it's not so clear
Don't stand by waiting while your dreams just disappear
Cause when all that is left
I'll say you'll be the death of me
When do I go

Throughout the day I lose this inner mind
The kind of way when you felt defied
I watch the sunset before your eyes
Today will end and there'll be no suprise

This time there'll be nothing left here for you to claim
I'm left to wonder if everything's still the same
Are you left thinkin wonder why it's not so clear
Don't stand by waiting while your dreams just disappear
Cause when all that is left
I'll say you'll be the death of me
When do I go

I realise there's somewhere inside
Beneath the depth of my inner mind
When the sun sets before your eyes
The day will end and there'll no suprise

This time there'll be nothing left here for you to claim
I'm left to wonder if everything's still the same
Are you left thinkin wonder why it's not so clear
Don't stand by waiting while your dreams just disappear
Cause when all that is left
I'll say you'll be the death of me
When do I go

Cause when all that is left

I'll say you'll be the death of me
When do I go

Just disappear
Just disappear
Just disappear
