

Little Sorrell

Pissed Jeans

That horse couldn't close his eye
Little Sorrell, Little Sorrell
In a glass cage where he lies
Little Sorrell, Little Sorrell
That horse makes me wonder why
Little Sorrell, Little Sorrell
Got stuck in a place in time
Little Sorrell, Little Sorrell
That horse never got to die
Little Sorrell, Little Sorrell
That horse couldn't keep his eyes
Little Sorrell, Little Sorrell
That horse didn't treat you right
Little Sorrell, Little Sorrell
That horse gonna make you cry
Little Sorrell, Little Sorrell
How could they try to keep you in
No one to get away from him
Kinda brings a tear to my eye
He won a medal, but never got to die
That horse hit me in my stomach
Little Sorrell, Little Sorrell
That horse ain't got four to walk on
Little Sorrell, Little Sorrell
That horse never got to bleed, that horse you wouldn't believe
That horse - that horse - that horse
