## Deptford Goth

See fall from the heavens  
See lights from under the ground  
Don't understand it  
Let it take over in time  
Hold me I'm a ghost  
Hold me I'm a ghost  
She saw inside the fall  
She saw it topple and fallAll of my body  
All of my life  
Reasons for fight or flight  
All of your body  
All of your life  
Reasons for fight or flight  
Goodbye to a demon  
Leaving with the dead of the night  
Last one for sorrow  
This one for being alright  
Hold me I'm a ghost  
(I'm sayin')  
Hold me I'm a ghost  
She saw inside the fall  
She saw it topple and fall  
All of my bodyAll of my life  
Reasons for fight or flight  
All of your body  
All of your life  
Reasons for fight or flight  
All of my body  
All of my life  
Reasons for fight or flight  
All of your body  
All of your life  
Reasons for fight or flight  
End
