drive - propaganda - On joyless lanes we walk in lines
a calm but steady flow.

Accompanied by loud commands

our strength is running low. Another hope feeds another dream another truth installed by the machine.

A secret wish

the marrying of lies today comes true what common sense denies. Rotating wheels are destiny
in flame the city lies.

Machines call out for followers far out into the night.

The calls of the machines drowning in the steam.

Another hope feeds another dream another truth installed by the machine.

A secret wish

the marrying of lies today comes true what common sense denies. The calls of the machines drowning in the
steam.

On joyless lanes we walk in lines
a calm but steady flow.

Our strength is running low.

Another hope - another dream - another truth -
installed by the machine - installed by the machine.
