

# I Felt It Too

## Taking Back Sunday

We stand still and solid as a stone  
That massive, gleaming skyline swallowed us whole  
Whole I know you're tired, I feel it too  
I know you're tired, I feel it too  
I couldn't help it  
Neither could you  
I know you're tired, I feel it too  
I felt sick to my stomach  
Lord don't let them die  
We were lost in that moment  
Swallowed us whole  
Whole I know you're tired, I feel it too  
I know you're tired, I feel it too  
I couldn't help it  
Neither could you  
I know you're tired, I feel it too I felt so small still I couldn't look away  
And I had nothing to say  
A second to myself, oh I lost my place  
And I hope you didn't notice  
I'm never going back there  
I'm never going back there  
I'm never going back there  
I'm never going back there I felt so small still I couldn't look away  
And I had nothing to say  
A second to myself, oh I lost my place  
And I hope you didn't notice  
I'm never going back there  
I'm never going back there  
I'm never going back there  
I'm never going back there I felt so small still I couldn't look away  
And I had nothing to say  
A second to myself, oh I lost my place  
And I hope you didn't notice
