

# This Isn't My Song

## Tennis

If it's not the end  
then it's the means  
That's your way  
Of doing things All these simple melodies  
Find their way into your memory  
This will never be my song  
This one was meant for you all along  
It's nothing profound  
Just as we turn, ah If it's not the end  
Then it's the means  
That's your way  
Of doing things Stacks of paper  
Muted white  
Lay neglected in the glaring light  
I will always be your girl  
In the still point of the turning world  
But this isn't my song  
This isn't my song It's nothing profound  
Just as we turn, oh If it's not the end  
Then it's the means  
That's your way  
Of doing things
