

# Speechless

Macy Gray

Sure do like the way it's going down with you we could be  
Together for years, and I'm ready to make that move cross  
That line with we could put some joy in each other's tears.  
L.o.v.e. don't sum it up for me it's much m.o.r.e. than any  
World could mean.Baby aah 'cause it's going down - make me sing lala when  
You come around - make me say oooh weee when you look at  
Me - baby aah 'cause it's going down and I'm speechless.Practicing all day what to say to you, but it never  
seems to  
Come out right, just to know the feeling is so perfect for me and  
You and I want to feel it for the rest of my life. l.o.v.e.  
Don't sum it up for me it's much m.o.r.e. than any word  
Coul d mean.Baby aah 'cause it's going down - make me sing lala when  
You come around - make me say oooh weee when you look at  
Me - baby aah 'cause it's going down and I'm speechless.O it's fur sure, there is love then there is something  
more.  
I'm hoping the music can express what I feel when you caress  
Do you hear it when I scream your name when we're laying?Sure do like the way it's going down with you we  
could be  
Together for years
