

# It's All Behind Us Now

**Emitt Rhodes**

Now you're all upset let's forgive  
And forget what's another anyhow  
It was long ago and we both know  
It's all behind us now  
It's all behind us now It's all behind us now  
Let's forget those things we said  
Say the things we wish we had  
Let's forget those things we did  
Do things right this time instead  
It's All Behind Us Now  
Why you call me names so i call your name  
And you call me name some more  
Was it's scrambled egg  
My memory's vague  
Could it be hard boiled I'm not sure It's all behind us now  
Let's forget those things we did  
Do things right this time instead  
Let's forget those things we said  
Say the things we wish we had It's a nagin been  
Like a ball and chain  
That keeps us broken piece  
It's a pointless game  
It's the buffalo [?]  
Live with by the cantha years  
(i'm sorry about that)  
Let's regret those things we said  
Say the things we wish we had  
Let's regret those things we did  
Do things right this time instead  
It's All Behind Us Now  
It's All Behind Us
