

# Rock My Baby Right

**Elmore James**

My Baby's got way, I just can't understand  
My Baby's got way, I just can't understand  
Leaves me in the mornin', goes with another manI said, "Baby, baby please come back to me"  
I said, "Baby, baby please come back to me"  
I'll make you as happy, as my little girl can beMy baby's got something that shines like the risin' sun  
My baby's got something that shines like the risin' sun  
You're the sweetest thing, I have ever seenWake up in the mornin', my love has just begun  
Wake up in the mornin', love my baby all night  
Hold my baby in my arms, and love her all this night  
I gotta rock my baby right, rock my baby tight  
Gotta rock my baby, rock my baby,  
Rock my baby, rock my baby all night
