

That's Me Not Loving You

Terri Clark

Do you get the feelin'
Even when you're not alone
There's a memory
Makin' itself at home
And it don't let loose
No matter what you do
Well that's me, not lovin' you Lately are you sleepin'
And you got the window closed
But there's a crack somewhere
'Cause you can feel the cold wind blow
And it gets to you
No matter what you do
That's me, not lovin' you Didn't I tell you when you left
You never would forget
The love you could have kept
Now every night
In your empty room
The only thing you're holdin' is the truth
If you hear a heartbeat
Where there really should be two
That's me, not lovin' you When all you hear is silence
Then you'll know the voice is mine
If the phone don't ring
And the bell don't chime
And that someone new
That you'll never get used to
Well that's me, not lovin' you
