

Street N**ga Sacrifice

Migos

Uh!

Migos!

Uh!

Yo

Ooh!Ran from the task force

My lifestyle like a rodeo horse

Had a dream in a Porsche

Then I woke up and had to go to court

Got a lawyer, dropped the cases

Now you see me on the pages

Double XL magazine

December issue cover Fader

They sayin' Migos better than the Beatles

Paul McCartney, I would like to meet him

Young niggas from the Northside

With Lyor Cohen havin' brunch meetings

Huncho, where the fam?, I got to feed 'em

Private jet in the six seater

Quavo livin' legend, Elvis

That's why I pull up Lincoln Continental, gone!Came in the game, we had somethin' to prove (prove somethin')

Came in the game, we had nothin' to lose (lose nun)

Street nigga sacrifice (sacrifice)

Street nigga sacrifice (sacrifice)

Street nigga sacrifice (sacrifice)

Street nigga sacrifice (sacrifice)Clean it up then you got to flip the money twice (clean it up)

Clean it up then you got to flip the money twice (clean it up)

Street nigga sacrifice (all set)Street nigga just want a Beamer

On the Northside, police givin' subpenea's

Pistol in the locker, Gilbert's Arenas

Grandma was a sacrifice, can't forget

We can see the far shit and we with it

Trappin' out the bando, behind the door was a semi

Real got the squad, Quavo whip it scientific

Juggin' iPhones, so we made a half a ticket

Real street nigga sacrifice

And you in the trap, watch out for the mice

Please don't get it twisted, we on the mic
Choppas eat you niggas like a termite
Bloody money turn to clean money
Fiend money that got bean money
I seen money and I dream money
Listerine, why should I clean money? Came in the game, we had somethin' to prove (prove somethin')

Gotta thank god for my life (got to)
Shit that happen over night (night)
We're respected, Migos Gang, we rep this worldwide
Takin' nine hour flights
When you a young rich nigga, you do what you like
Want a feature, nigga?, Gotta pay the price
Pourin' act in the cream soda, fuck the sprite
Cut the lights off and in the club, my diamonds bright
In the kitchen with the egg beater
Hoppin' in the Lamborghini, that's a two seater
Work come from Columbia, name it Catalina
Might just take a trip, just go to Geneva Came in the game, we had somethin' to prove (prove somethin')
