

Anyways

The Pretties

I can't be around me anymore
I can't seem to get myself off the floor
I wish I had met you yesterday
I fear that today is just too late
you broke me but I wasn't yours to break
you took me but I wasn't yours to take
I wish you would let me run away
I knew you were no good when we met
but I wasn't ready for good yet
I wish I had met you yesterday
I fear that today is just too late
you broke me but I wasn't yours to break
you took me but I wasn't yours to take
I wish you would let me run away
I'll run away anyway
