Tina Marie

Bryan Lee

Tina Marie, work your soul for me
Yes Tina Marie, work your soul for me
The way you do that dance,
Take away all my misery
She?s about five foot six
Man she sho? kicks
The way she does that dance
She can show you a whole lotta? tricks
Tina Marie, work your soul for me
The way you do that dance girl,
Take away all my misery

[Guitar Solo]I?m gonna pawn my guitar, my watch and my ring
I just can?t help it girl, the way you do that thing
Tina Marie, work your soul for me
Cause the way you do that thing, oooh
Take away all my misery, (I'm gonna squeeze my baby too)
[Guitar Solo]Tina Marie, girl won?t you take my hand
Tina Marie, girl please take my hand
You got me so confused, but I think that I want to be your man
