Break Me

Marcio Novelli

Broken pieces of the man I used to be
Are all thats left of who I am
A shattered mass of all my countless broken dreams
I wonder where I go from hereBut Im on my way and Im not falling
Youre all the same
You tried to break me down
Im on my way and Im not falling
Youre all the same
You tried to break me downI found the one that I was always searching for
No more empty promises
Ive come to realize what Im worth is so much more
More than how You made me feelBut Im on my way and Im not falling
Youre all the same
You tried to break me down
Im on my way and Im not falling
Youre all the same
You tried to break me downFirst in line, Im last in line
First to eat, Im last to eat
First in line, Im last in line
First to eat, Im last to eatFirst in line, Im last in line
First to eat, Im last to eat
It doesnt matter much to me
It doesnt matter much to meBut Im on my way and Im not falling
Youre all the same
You tried to break me down
Im on my way and Im not falling
Youre all the same
You tried to break me down
