

Too Soon To Say Goodbye

Gareth Gates

So many times I've played around
Moving from one to another
I've been a fool, I've been unkind
But being with you made me discover
That trust and honesty is all I need
And I should never let it slip away
'Cause girl, seeing you shine by the candle-light
Got me hooked and it feels so right
So good that, baby, I don't want this night to be over
Stay right here, oh, please don't leave
Let's star in our own love scene
Then chill and spread the night
It's too soon to say goodbye
It's too soon to say goodbye
Darlin', I know
You're the type who goes slow
And trust when I say
I don't mean to rush you
But give it some thought
If you're all alone
You're just gonna wish
That I was there too
Imagine you and me
As close as two can be
We can let it flow for eternity, girl
Seeing you shine by the candle-light

Got me hooked and it feels so right
So good that, baby, I, I don't want this night to be over
Stay right here, oh, please don't leave
Let's star in our own love scene
Then chill and spread the night
It's too soon to say goodbye
It's too soon to say goodbye
Darlin', I know
You're the type who goes slow
And trust when I say
Trust when I say
Seeing you shine by the candle-light

Got me hooked and it feels so right
So good that, baby, I don't want this night to be over
Stay right here, oh, please don't leave
Let's star in our own love scene
Then chill and spread the night
It's too soon to say goodbye
Seeing you shine by the candle-light
Got me hooked and it feels so right
So good that, baby, I, baby, I don't want this night to be over
Stay right here, oh, please don't leave
Let's star in our own love scene
Then chill and spread the night
It's too soon to say goodbye
