

# Honey Power

## My Bloody Valentine

Change my mouth  
Here with your tongue  
Your body soft  
Over there where you're laying down Hold my flower  
Here and (you will now)  
Fall  
Sure you did from appearing smile Ooh, bloom  
I drink to you  
Feel you come  
High enough 'till you're sleeping and... Take my flower  
Touch before I die  
Over you  
Then we'll sleep for another hour
