Smarter Than You

The Undertones

I'm a little intellectual
Some one who knows it all
I could be your summer special
You could be my New York doll, my dollI'm a little smarter than you
Smarter than you, smarter than you
Can't you see I'm smarter?I met you, we talk a little
Find you fascinating by five past ten
I kiss you and call you later
'Cause I want to see you again, you againSmarter
Can't you see I'm smart?
