Scheming

Maxim

Stopping with your scheming, baby
Start stopping with your scheming, babyStopping with your scheming, baby
Start stopping with your scheming, babyStopping with your scheming, baby
Start stopping with your scheming, babyStopping with your scheming, baby
Start stopping with your scheming, babyStopping with your scheming, baby
Start stopping with your scheming, babyStopping with your scheming, baby
Start stopping with your scheming, babyYou've been scheming
You've been playing behind my back
You'll get to discover how I'm about to act
You've been scheming
You've been messing around
You've made my heart as cold as iceAll your lies and your scheming scheming
I've heard it all before a thousand times
With all your lies and your scheming you've been scheming
I've heard it all before a thousand timesStopping with your scheming, baby
Start stopping with your scheming, babyStopping with your scheming, baby
Start stopping with your scheming, babyYou have been scheming
You've been playing behind my back
You'll get to discover how I'm about to act
You've been messing around and it ain't about to take
You've made my heart as cold as iceAll your lies and your scheming scheming
I've heard it all before a thousand times
With all your lies and your scheming you've been scheming
I've heard it all before a thousand timesStopping with your scheming, baby
Start stopping with your scheming, babyStopping with your scheming, baby
Start stopping with your scheming, babyStopping with your scheming, baby
Start stopping with your scheming, babyStopping with your scheming, baby
Start stopping with your schemingHey, yeah, yeahAll your lies lies and your scheming scheming
I've heard it all before a thousand times
With all your lies and your scheming scheming, scheming, scheming
I've heard it all before a thousand timesYou've been scheming
You've made my heart as cold as iceStopping with your scheming, baby
