White

Quiet One

I can hear your voice, as though youâ€™re standing next to me,
And so you whisper in my ear,
Oh this life has left me weak.

I can feel your pulse,
As it slowly slips away,
I am standing powerless, I
Hold your hand and start to pray.

Oh please, please, please
Please come back my love,
Oh please, please, please
Please donâ€™t go,

(Oh please donâ€™t go)

I am standing still,
As the world has stopped around me,
And all I can see is the only one that was for me,
I can feel the tears,
As theyâ€™re rolling down my cheeks,
And they drip onto my feet and I wish could sink,

Oh please, please, please
Please come back my love,
Oh please, please, please
Please donâ€™t go,

Oh please, please, please
Please come back my love,
Oh please, please, please
Please donâ€™t go,

(Oh please donâ€™t go)

I can tell that you,
Youâ€™re no longer here with me,
A life now incomplete,

A fitting punishment for me,

Oh please, please, please
Please come back my love,
Oh please, please, please
Please donâ€™t go,

(Oh please donâ€™t go)

Oh please, please, please
Please come back my love,
Oh please, please, please
Please donâ€™t go,

Oh please donâ€™t go...
