

# Whatever's Clever (Aphrodite Remix)

Beverley Knight

Are you ready for me?  
Better let me know  
Are you ready for me?  
Better let me know  
Are you ready for me?  
Better let me know  
You'd better, you'd better do whatever's clever baby[Chorus:]  
How can you be down?  
You gotta do whatever's clever  
So that I will stick around  
You gotta do whatever's clever  
And you don't want to waste your time  
You gotta do whatever's clever  
You gotta go somewhere you gotta do whatever's clever  
If you want to step to me  
You gotta do whatever's clever  
So I'll listen carefully...  
You gotta do whatever's clever  
You gotta say whatever, hear whatever, mean whatever, hear whatever  
Feel whatever, think whatever do whatever's clever So you want to roll with me  
Here's advice that you should heed  
Common sense is all you need  
To avoid my thunder  
First of all talk to my face  
Not the view below my waist  
How we gonna converse  
While your head's down under?  
Stop where are you going  
If you were in my shoes, what would you say?  
Stop, this is worth knowing  
So a brother can't lose if he steps my way.  
Stop where are you going  
If you were in my shoes, what would you say?  
Stop, this is worth knowing  
So a brother can't lose if he steps my way[Chorus:] Here's a very simple truth  
"Monkey see is monkey do"  
So you're never getting through  
If your boys are busters  
Finally please understand

All I have is by my hand  
On my own I'm making ground  
I am my own woman  
Stop where are you going  
If you were in my shoes, what would you say?  
Stop, this is worth knowing  
So a brother can choose if he steps my way.  
Stop where are you going  
If you were in my shoes, what would you say?  
Stop, this is worth knowing  
So a brother can't lose if he steps my way[Chorus:]Are you ready for me?  
Better let me know  
Are you ready for me?  
Better let me know  
Are you ready for me?  
Better let me know  
You'd better, you'd better do whatever's clever baby  
Are you ready for me?  
Better let me know  
Are you ready for me?  
Better let me know  
Are you ready for me?  
Better let me know  
You'd better, you'd better do whatever's clever baby
