

Consumption

ZZ Top

consumption
aint gonna find me here
consumption
aint gonna find me here
i'm gonna find me a place where there aint no nothing no feel
consumption
i get down on me knees
consumption
i get down on that knee
i seem to be mistreatin killin me by degrees
consumption
pour me one you please
consumption
pour me one you please
a run on the honkey tonk makes that one for free
have another bottle
make me who i wanna be
have another bottle
make me who i wanna be
have another bottle
make me who i wanna be
consumption
consumption
consumption
consumption
