Beautiful Mistake

Dirty Epics

And your photo stills
In your wallet with your unpaid bills
And you show it like it means something
You could never know the pain it brings
And then here you are, standing in our drive
When absence suits you best
Your letters and your cards
But no return address
Now you come around
Now you come around
Your familiar sounds, and we are your beautiful
We are your beautiful mistake
Waiting for this day
Well I memorized the things I'd say
How you broke her when you disappeared
How I hear her say
"You'd make your Father proud"
It echoes through the years
As if I could forget all a Mother's tears
Now you come around
Now you come around
Your familiar sounds
And we are your beautiful mistake
Now you come around
Now you come around
Right to this town and we are your beautiful
We are your beautiful mistake
No don't say a word
Leave while you still can
Put out your light
Now I guess you're going
Your figures through the door
And your taillights faded
Like twenty years before
Now you come around
Now you come around
Your familiar sounds
And we are your beautiful mistake
Now you come around

Now you come around
Just to hear your sounds, we are your beautiful
And we are your beautiful mistake
We are, we are, we are, we are, we are
We are your beautiful mistake, your beautiful mistake
Your beautiful mistake
