

# When The Lights Are Down

## Kamelot

Rules without exceptions last eternally  
Every move you make creates your destiny  
I've come to soak my  
Sorrow in Halo Black  
As black as the seal on my soul  
Cause when the lights are down  
There's no more to say  
Love is the real pain  
An internal revolution in my mind  
Cause when the lights are down  
You're so far away  
Tell me your real name  
In the silence of the darkness we unite  
(Rules without exceptions last eternally  
Every move you make creates your destiny)  
What can protect me from the past  
And all the things that I have done  
She told me  
And then she was gone

Cause when the lights are down  
There's no more to say  
Deep in the shadows  
Where the last of my delusions made a stand  
Cause when the lights are down  
She'll take me away  
Tell me her real name  
And in death we'll live the love we never had  
Oh come all ye faithful  
Beneath the Moon  
Beneath the Moon  
Into the void as one  
Marching on  
Cause when the lights are down  
There's no more to say  
Love is the real pain  
An internal revolution in my mind  
And when the lights are down  
She'll take me away

Tell me her real name  
And in death we'll live the love we never had
