I D K

Sig Roy

Girl you look so gorgeous
Flew in from New Orland
Talkin bout your ex man
you try to ignore him

Now you in my city
Come and kick it with me
Spendin all this time, girl
Won't have you feelin iffy

Drinkin and you tweakin
Hopin you don't see him
Lacin up your boots
While you freakin to the weeknd

Now you hit my IPhone
tellin me your minds gone
Say you wanna slide in
now you tryna come to my home

Say you want me I know
I want you for show
But since I been drinkin
Girl, I just don't know

My ex, she be callin
and blowin my phone
Thoughts they be racin
Need to be alone

awwww yea

Angel on my shoulder with the devil dissin
I wish you were easy and make a decision
Shit ain't been the same things have been so different

and I feel so ashamed cuz

Bridge:

my old girl hit my line
and she blowin up my phone
new girl wanna slide in
she's asking if I'm home

I really can't decide
when I'm faded I don't know

I really can't decide
when I'm faded I don't know

REPEAT

(I'm faded I don't know)

Old girl was my rider
Always right beside her
Never old of style cuz she rockin all designer

Plus she look so pretty
and she from my city
with me all the time
til she turned around and dissed me

Told me that she leavin
left me for no reason
Tell me that you loved me
know that you don't mean it

Now you got me drinkin
liquor got me thinkin
Put you in my past girl
hopin that it sinks in

Lookin at all the talk girl
I don't need to diss you
My life has had enough
Girl you ain't an issue

But every time I'm drunk
you text me, I miss you
Now I'm back to square one
Thinkin way to issue

Bridge:

my old girl hit my line
and she blowin up my phone
new girl wanna slide in she's asking if I'm home

I really can't decide
when I'm faded I don't know

I really can't decide
when I'm faded I don't know

REPEAT

(I'm faded I don't know)
