

# The Gift (feat. Collin Raye & Susan Ashton)

Jim Brickman

Winter snow is falling down  
Children laughing all around  
Lights are turning on  
Like a fairy tale come true Sittin' by the fire we made  
You're the answer when I prayed  
I would find someone  
And, baby, I found you And all I want is to hold you forever  
All I need is you more everyday  
You saved my heart from being broken apart  
You gave your love away and I'm thankful everyday, for the gift Watching as you softly sleep  
What I'd give if I could keep  
Just this moment  
If only time stood still But the colors fade away  
And the years will make us gray  
But, baby, in my eyes  
You'll still be beautiful And all I want is to hold you forever  
All I need is you more everyday  
You saved my heart from being broken apart  
You gave your love away and I'm thankful everyday, for the gift And all I want is to hold you forever  
All I need is you more everyday  
You saved my heart from being broken apart  
You gave your love away I'm thankful everyday  
Can't find the words to say thank you, for the gift
