

Unhappy Anniversary

Vitamin C

You ask me, how am I? Well, I'm still standing, aren't I?
That's something, that's one thing, that's gone my way
It's so hard, to go out, like everything's okay now
When inside, I still cry, for yesterday This is my unhappy anniversary
But I lie, saying it's just another day
This is my unhappy anniversary, oh I know it's, so stupid, to still feel broken hearted
I wonder, if you know, just how much I hurt
I drink up, and think up, a toast to numb the hours
To get through, without you, is so hard today 'Cause it's my unhappy anniversary
But I lie, saying it's just another day
This is my unhappy anniversary, oh And now it's, near midnight, a few more minutes and I
Return to, get back to, my former life
Pretending, our ending, was not so bad, I know that
It's time to, escape you, well until next year When it's my unhappy anniversary
But I lie, saying it's just another day
This is my unhappy anniversary But I smile, like it's just another day
It's just my unhappy anniversary
It's just my unhappy anniversary
It's just my unhappy anniversary
