

This Is Who We Are

Cartel

Patience child, it will find you
Your deepest dreams will guide you
The moment that you're born And oh my fear inside will come through
Hiding right behind you
Don't let it get that far Somehow breathe a little deeper now
'Cause this is who we are
When we look into their eyes
Don't fly so high So high, little bird
You'll get your wings clipped
Pick it up, pick it up
Now you'll learn Searching the moment that defines you
Your deepest dreams remind you
Get up before you're gone Now that all you hear is what surrounds you
Push it up, get it up, come around you
Never stop and you will find it all Somehow breathe a little deeper now
'Cause this is who we are
When we look into their eyes
Don't fly so high So high, little bird
You'll get your wings clipped
Pick it up, pick it up
Now you'll learn So we decided, we decided
We decide this now
So find out how we can, we survive
How we can survive
If we learn how to live our lives
If we learn how to live Somehow breathe a little deeper now
'Cause this is who we are
When we look into their eyes
Don't fly so high So high, little bird
You'll get your wings clipped
Pick it up, pick it up
Now you'll learn
