This Is Who We Are

Cartel

Patience child, it will find you Your deepest dreams will guide you The moment that you're bornAnd oh my fear inside will come through Hiding right behind you Don't let it get that farSomehow breathe a little deeper now 'Cause this is who we are When we look into their eyes Don't fly so highSo high, little bird You'll get your wings clipped Pick it up, pick it up Now you'll learnSearching the moment that defines you Your deepest dreams remind you Get up before you're goneNow that all you hear is what surrounds you Push it up, get it up, come around you Never stop and you will find it all Somehow breathe a little deeper now 'Cause this is who we are When we look into their eyes Don't fly so highSo high, little bird You'll get your wings clipped Pick it up, pick it up Now you'll learnSo we decided, we decided We decide this now So find out how we can, we survive How we can survive If we learn how to live our lives If we learn how to liveSomehow breathe a little deeper now 'Cause this is who we are When we look into their eyes Don't fly so highSo high, little bird You'll get your wings clipped Pick it up, pick it up
