Good For Your Heart

Mint Condition

Just come away with me so I can make you see
That's all that I can be is good for your heart
If we could get away and find a time to play
And be together it's good for your heart
Lay your head down here release all your fears
I just wanna know the things you dream of
You've been left alone with a heart of stone
Let me show you how it feels to be loved
Loving you tenderly showing you I will be
Good for you heart in every way yeah, yeah
Just come away with me so I can make you see
That's all that I can be it's good for your heart
If we could get away and find a time to play
And be together it's good for your heart
Wherever we go you just need to know
All you fantasies I will make real
A sweet rendezvous just me and you
This sweet love affair just for two
Loving you tenderly showing you I will be
Good for you heart in every way yeah, yeah
Just come away with me so I can make you see
That's all that I can be it's good for your heart
If we could get away and find a time to play
And be together it's good for your heart
I'll be, I'll be good
Good, good
Good, good
Forever you'll see
It's good for your heart
I'm good for your heart
I'll be, I'll be good
Good, good
Good, good
Forever you'll see
Good
It's good, it's
It's good, it's
Loving you tenderly showing you I will be
Good for you heart in a million ways yeah, yeah

Just come away with me so I can make you see
That's all that I can be it's good for your heart
If we could get away and find a time to play
And be together it's good for your heart
Good, good
Good, good, good
Come away with me I will make you see
Good for your heart it's good for your heart
We could get away find the time to play
Good for your heart it's good for your heart
Just come away with me so I can make you see
That's all that I can be it's good for your heart
If we could get away and find a time to play
And be together it's good for your heart
I'll be, I'll be good, I'll be, I'll be good
Forever you'll see it's good for your heart
I'll be, I'll be good, I'll be, I'll be good
Forever you'll see it's good for your heart
