Broken Record

Plain White T's

It was summer love
She was like a drug
Fit me like a glove
Everything was alrightI was James Dean
She was Billie Jean
California Queen
Everything was alrightFrom the back beat
To the back seat
In the heat, heat
Everything was alrightLovers and gears of common bomb
She'll always be my favorite song
She was solid gold, she was rock 'n' roll
I should have never let her go, go, goKissed me goodbye and I knew it was final
Got in her daddy's car and she was gone like vinyl
Her memory pops up when I least expect it
It's stuck in my head like a broken recordPa-pa-pa, pa-pa-pa, broken record
Ah, pa-pa-pa, pa-pa-pa, broken record
A broke, a broke, a broken recordShe was hi-fi
She was low-fi
Burning up July
Everything was alrightLeft me with a kiss
Wonder where she is
And does she ever miss me?
Oh, oh, ohLovers and gears of common bomb
She'll always be my favorite song
She was solid gold, she was rock 'n' roll
I should have never let her go, go, goKissed me goodbye and I knew it was final
Got in her daddy's car and she was gone like vinyl
Her memory pops up when I least expect it
It's stuck in my head like a broken recordPa-pa-pa, pa-pa-pa, broken record
Ah, pa-pa-pa, pa-pa-pa, broken record
A broke, a broke, a broken recordd
Ah, pa-pa-pa, pa-pa-pa, broken recordI wished I could find her
Oh, oh, oh
'Cause I need to remind her
Oh, ohKissed me goodbye and I knew it was final
Got in her daddy's car and she was gone like vinyl
Her memory pops up when I least expect it
And gets stuck in my head like aKissed me goodbye and I knew it was final

Got in her daddy's car and she was gone like vinyl
Her memory pops up when I least expect it
It gets stuck in my head like a broken recordPa-pa-pa, pa-pa-pa, broken record
Ah, pa-pa-pa, pa-pa-pa, broken record
A broke, a broke, a broken recordd
Ah, pa-pa-pa, pa-pa-pa, broken recordSkip, skip through my head
Skip, skip through my head
Skip, skip, skip through my head all day
